Enterprise change and workforce readiness

Change and learning professional with 15+ years connecting business priorities to employee readiness. Experience in enterprise technology adoption, training coordination, stakeholder communications and feedback analysis, with hands-on instructional design in regulated financial services.

01 / CORE EXPERTISE

Guide technology adoption. Translate complex system changes into audience-specific communications, demonstrations and practical resources that help people understand what changes and how to act.

Coordinate training delivery. Organize global sessions, SME participation, materials and follow-up. Maintain accessible learning resources and support delivery from planning through launch and refinement.

Turn feedback into action. Synthesize learner questions, surveys and stakeholder input into reporting and recommendations that strengthen engagement and target further support.

02 / ENTERPRISE CHANGE IN PRACTICE

American Express

Change Manager and Training Administrator | Jan 2026–Present

Support enterprise technology adoption through training delivery, communications and analytics. Coordinated and hosted 60+ sessions for a three-month Jira Data Center and Rally-to-Jira Cloud migration across six global time zones.

60K	60+	7
Approx. impacted population	Jira sessions delivered	Learner personas

Connect audiences and delivery. Tailor learning and adoption resources to seven personas; coordinate SME demonstrations, leadership context, discussion and Q&A across a global workforce.

Use evidence to improve support. Analyze Qualtrics surveys, session chats and transcripts; communicate findings to stakeholders. Feedback informed more interactive demos and Q&A, with human review of AI-assisted theme analysis.

Related program populations: Confluence Cloud ~20,000; SAP Fieldglass ~20,000; data center transfer ~10,000. Population reflects program scope, not personal training attendance.

03 / PROFESSIONAL EXPERIENCE

LAJH Endeavors PLLC

Founder and Change and Learning Consultant | Mar 2023–Jan 2026

Translated stakeholder and SME input into learning, technical-training videos, job aids and performance support. Managed projects from needs analysis and planning through development, review and refinement; supported workflow improvement with human-reviewed AI-assisted drafting.

Charles Schwab

Senior Project Manager, Senior Instructional Designer and Product Manager | Aug 2017–Mar 2023

Led learning and project initiatives supporting client-facing tools, onboarding, upskilling, compliance and technology adoption in financial services. Developed role-based learning journeys and SharePoint hubs that organized resources for self-directed development.

Coordinated schedules, dependencies, deliverables and SME reviews through launch readiness. Partnered with business teams to clarify requirements and refine learning resources using stakeholder feedback.

Concentrix

Training and Quality Manager and Instructional Designer | Oct 2014–Aug 2017

Led training and quality across client programs, including Nike and Intuit. Coordinated delivery and operational readiness, connected quality findings to coaching, and developed learning for new hires, frontline teams and managers.

Gatestone

Corporate Trainer and Instructional Designer | Aug 2008–Mar 2014

Delivered customer-service, procedural and compliance training for American Express and USAA client programs. Used role-play, structured shadowing, calibration and coaching to reinforce performance and communicated training needs and progress to leadership.
